

SAY BOURNE BILL WILL HURT PRINTING TRADES

Postal Progress League Heads Fight on Measure Now Before U. S. Senate.

CARROLL OFF TO CAPITAL Will Ask Labor's Aid to Prevent Increase in Rate on Third Class Matter.

A group of men led by the Postal Progress League are waging a stiff fight against the Bourne bill now before the United States Senate which would enact new postal rates on third class mail matter and which these men term a menace to the printing and allied trades interests of the country and nothing but an entering wedge for an attack on the postal service.

On May 18 Senator Bourne of Oregon introduced this bill in the United States Senate increasing the cost of postage on third class mail matter. It is known as the Bourne parcels post bill. The men now opposing it say that by increasing the postage rate on printed matter, when the general demand is for a reduction in rate, it will extinguish 50 percent of the booklet and job printing in this country and place a penalty upon American printing.

The Postal Progress League, with offices at 125 East Twenty-third street, is leading the opposition to the measure. James L. Cowles, secretary and treasurer of the league, is directing their campaign. These men have now brought their fight to a critical point by sending Thomas J. Carroll of the New York stereotypers' union to represent them at Washington.

"The first step for Mr. Carroll to take in Washington," said Mr. Cowles, "is to get in touch with the American Federation of Labor. If necessary we shall all go to Washington and demand a hearing, for there has been none up to the present time."

Senator Bourne's bill, which applies to third class mail matter not exceeding eleven pounds in weight or seventy-two inches in length and girth combined, provides for a charge of a cent an ounce for parcels up to and including four ounces in weight. All packages weighing over four ounces are to be charged the pound rate, costing from 5 to 12 cents, depending upon the distance to be carried.

In regulating this cost the bill provides to divide the United States and Territories, excepting the Philippine Islands, into units of area thirty minutes square to be the basis of six postal zones. The first zone is to represent an area having a mean radial distance of approximately fifty miles from the center to any given unit of area. The second zone is to have a radial distance of 200 miles, the third 300 miles, the fourth 400 miles, the fifth 500 miles and the sixth to include all outside the fifth zone.

The charge on a pound parcel, which includes all weighing from four to sixteen ounces, to be delivered in a city or rural route would be 5 cents, and for each additional pound or fraction of a pound 1 cent. A parcel to go into the first zone would cost 6 cents for the first pound or fraction of a pound and 2 cents extra for each additional pound or fraction of a pound. In the second, third, fourth, fifth and sixth zones the charges on the first pound or fraction of a pound would be, respectively, 7, 8, 9, 10 and 11 cents, each additional pound or fraction of a pound in these zones would be charged 3, 4, 7, 10 and 12 cents, respectively.

Secretary and Treasurer Cowles of the Postal Progress League said yesterday: "The interesting volumes of Senator Bourne's parcels post reports afford striking evidence in favor of the system of uniform rates. Postmaster-General Hitchcock had hardly taken his oath of office before he made a series of parcels post conventions with the United States of Europe under which he is now distributing his merchandise parcels up to eleven pounds throughout our whole territory at flat rates of less than 5 cents a pound.

Not yet to-day have gentlemen been joined in war with the fundamental principle of the post office and in their 3,000 and 3,000 mile zones are advocating a general domestic parcels rate 50 per cent higher than the flat rate from Europe throughout our whole country and 50 per cent higher than the world rate of the Universal Postal Union on commercial papers, deeds, insurance policies, etc., on unsalable samples of merchandise and books.

This 50 to 100 per cent. protection of the foreigner against the citizen combined with the discriminations of the Bourne bill in favor of the center of the country as against the borderland, will tend to drive a large part of our printing and small parcels trade to Europe and to concentrate the rest in central West.

If any every post office and every business concern will require a map 10 feet long and 5 feet wide similar to the one placed by the committee room at the Washington end of the bill and a similar space to display it and a mathematical expert to explain it.

NEGROES DISAPPOINTED.

Had Expected to Open New York Casino in Harlem.

Harlem's negro colony in particular, and the leading negro men and women of the greater city in general, had hoped to hold last night the opening exercises of Young's Casino at 134th street and Park avenue, a building unique in that it is the first to be devoted wholly to conventions, dances, banquets and other business or social assemblages of negroes in New York.

The opening, however, had to be postponed until next Wednesday night. The Rev. R. C. Ransom of Providence, R. I., editor of the "Review," will preside. Charles Anderson, the negro leader and collector of internal revenue, will make the principal address.

Mr. Young, who is the owner of a cafe in West 135th street and is a negro, had planned to build at a cost, he says, of \$50,000.

HOODLUMS ATTACK POLICEMAN.

Donohue Tried to Break Up Gang and Is Set Upon.

A band of hoodlums foregathered opposite the house occupied by the priest of St. Andrew's Church on City Hall place last night and refused to disperse when Police-constable Thomas Donohue of the Elizabeth street station ordered them to. Donohue promptly arrested one of the men and as he was leading him prisoner away the others set upon him.

St. Stephen Kennedy of the Oak street station was standing at Park row and New Chambers street, and hearing the cries of help from a crowd of children and young men, he ran to the scene and found the hoodlums attacking Donohue, but not before two of their number had been killed.

In the station they gave their names as William Shanley, 24, a driver, of 22 New Broadway and Charles Carara, a waiter, 28 years old, of 104 West 13th street. The pair were locked up charged with assault.

FRISCO INVITES GAYNOR.

Golden Gate City Wants Mayor to Be Its Guest Next Month.

Mayor Gaynor has been invited to visit San Francisco next month as the guest of the city and of the committee which is making preparations for the Panama-Pacific International Exposition in 1915. The Mayor has not yet made up his mind whether or not he can accept the invitation.

In case he does go San Francisco will give him a royal welcome. Municipal authorities and the directors of the exposition plan to have him inspect the site selected for the exposition and there will be offered various entertainments in his honor. One of them will be the performance of the Bohemian Club, which every year offers something on the plan of the Lamb's Gambol in the city.

CHILD, 5, IMPALED ON FENCE.

Emma McGuire Disregarded Warning and Tumbled Out of Window.

Five-year-old Emma McGuire fell out of the third story window of her home, 30 Driggs avenue, Williamsburg, yesterday and was impaled on the pickets of an iron fence. The child was taken in a dying condition to the Eastern District Hospital. Emma was told by her mother she could sit at an open window but was warned not to climb upon the chair and look out. When her mother left the child heard children at play in the street and climbed upon the chair. The lost her balance and fell on the iron pickets.
